solution

## WHY CHOOSE CLIPLOK 54 HOARDING SYSTEM

Strong, Lightweight Aluminium System

Reduced environmental impact

Wide panels (up to 1200mm) for fast clean installation

Supports your sustainability initiatives

Choice of finishes

Proudly South African designed & manufactured

Doors to suit your needs

Premium aluminium built to last

Less waste - unlike traditional timber & drywall hoarding that ends up in landfill after every project, Cliplok 54 is designed to be reused time and time again.
